

Year 7 Subject	Emerging (Em)	Developing (De)	Secure (Se)	Advanced (Ad)
Attainment Target 1 (AT1) Specialist Terms & practical Techniques	Little or no evidence of practical techniques or terms used.	Some practical techniques or specialist terms used correctly.	Range of practical techniques and specialist terms used correctly but not always effectively.	Range of practical techniques and specialist terms used effectively.
Attainment target 2 (AT2) Knowledge, Understanding and application	Some of the key concepts within a topic area are demonstrated.	Most of the key concepts with the topic area are demonstrated. There is some attempt at further explanation.	All of the key concepts with the topic area are demonstrated. There is some evidence of accuracy and explanation being shown.	All of the key concepts with the topic area are demonstrated with accuracy and skill, and can be fully explained and applied.
Attainment target 3 (AT3) Data processing	Data can be processed with extensive support.	Data can be processed providing equation / template is given.	Data can be processed with minimal intervention / support.	Data is independently process accurately.
Attainment target 4 (AT4) Assessment & Evaluation	<p>Be able to accurately answer some of exam style questions.</p> <p>Makes some improvements based on feedback. Provides a limited evaluation of the assignment.</p>	<p>Be able to accurately answer many of exam style questions.</p> <p>Makes most improvements based on feedback. Provides limited feedback to others. Provides a brief evaluation of the assignment.</p>	<p>Be able to accurately answer most of exam style questions.</p> <p>Improves based on feedback. Provides accurate feedback to others. Provides a detailed evaluation of the assignment albeit with some omissions.</p>	<p>Be able to accurately answer majority of exam style questions.</p> <p>Improves based on feedback. Can provide accurate feedback to others. Provides a full and detailed evaluation of the assignment.</p>

Year 8 Subject	Emerging (Em)	Developing (De)	Secure (Se)	Advanced (Ad)
Attainment Target 1 (AT1) Specialist Terms & practical Techniques	Some practical techniques or specialist terms used correctly.	Range of practical techniques and specialist terms used correctly but not always effectively.	Range of practical techniques and specialist terms used effectively.	Independently selecting and applying a range of practical techniques and specialist terms effectively.
Attainment target 2 (AT2) Knowledge, understanding and application	Most of the key concepts with the topic area are demonstrated. There is some attempt at further explanation.	All of the key concepts with the topic area are demonstrated. There is some evidence of accuracy and explanation being shown	All of the key concepts with the topic area are demonstrated with accuracy and skill, and can be fully explained and applied.	All key concepts within the topic area are fully understood, explained and some are applied to novel situations.
Attainment target 3 (AT3) Data processing	Data can be processed providing equation / template is given.	Data can be processed with minimal intervention / support.	Data is independently process accurately.	All data is independently processed accurately and some can be interpreted and applied.
Attainment target 4 (AT4) Assessment & Evaluation	<p>Be able to accurately answer some of exam style questions.</p> <p>Makes some improvements based on feedback. Provides a limited evaluation of the assignment.</p>	<p>Be able to accurately answer many of exam style questions.</p> <p>Makes most improvements based on feedback. Provides limited feedback to others. Provides a brief evaluation of the assignment.</p>	<p>Be able to accurately answer most of exam style questions.</p> <p>Improves based on feedback.
